# GLOBAL CONECTIVITY

Our NetIX platform connects more than 9 000 networks and over 30 Internet exchanges. Maximum peak traffic exceeds 2 Tbps.

- Global Internet Exchange (GIX)
- OnNet
- VPI
- IXaaS
- Remote IXP
- Smart Blackholing

# Data Center Services

for maximum reliability and interconnection of your business

We provide a wide range of colocation services in our 4 data centers - SDC 1, SDC 2, SDC Stolnik, and SDC Ruse. ISO and PCI DSS certified, with a strategic location in Southeastern Europe, access to 8000+ international networks and routes, security, quality, competitive pricing, low latency, and 24/7 professional support.
